June 3rd, September 2nd (2 issues)

Naučite više o Brijunima u ePix mobilnoj aplikaciji

Da bi se opisale sve ljepote Brijuna, trebalo bi napisati više knjiga i snimiti serije dokumentarnih filmova.

Ova brošura nudi samo pregled nekoliko zanimljivijih lokacija s kratkim opisom, i poziv da više informacija potražite u mobilnoj aplikaciji ePix (Android i iOS).

Uz značajno više podataka o svim u brošuri predstavljenim lokacijama, u aplikaciji su predstavljene i mnoge za koje u brošuri jednostavno nije bilo mjesta.

Uz sve navedeno, dobit ćete i seriju pozadinskih slika (wallpaper) i jednostavnu igricu.

Usput, sačuvajte i brošuru! QR kodovi koje ovdje nađete pomoći će u traženju podataka, a možda pronađete i neke skrivene dodatke :)

Learn more about Brijuni in the ePix Mobile App

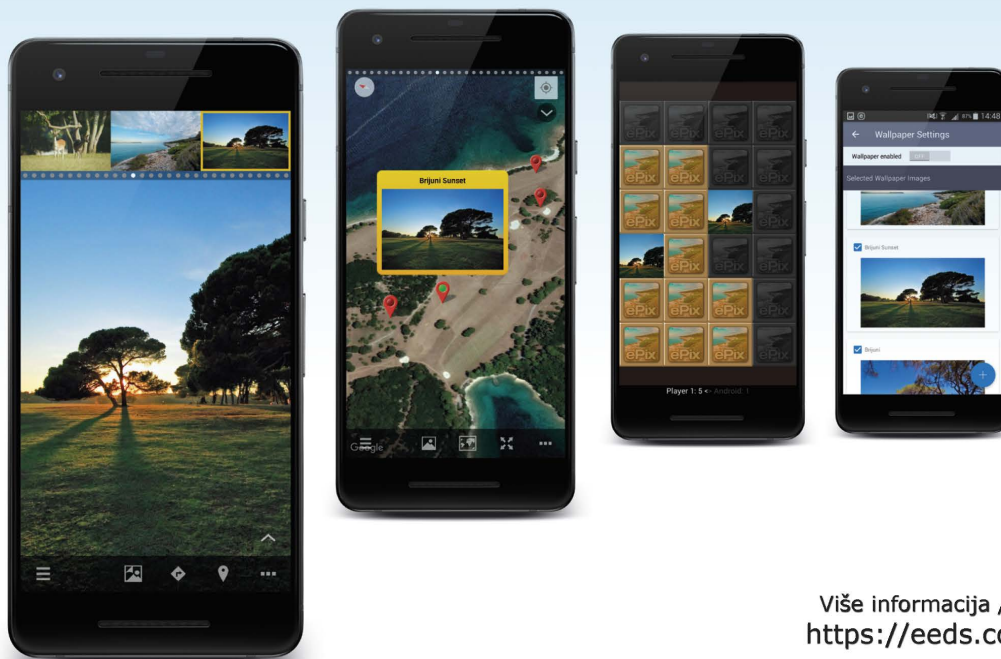

To describe the beauty of Brijuni National Park, one would have to write dozens of books and make a series of videos.

This brochure offers only a tiny preview of what can be seen, with a brief, often one-sentence description inviting you to learn more through the ePix mobile app (Android and iOS).

The app contains more information about the locations briefly presented here, and of course includes many locations that were not described.

On top of that, you'll also get a set of wallpaper images for your phone or tablet, and a simple pair-matching game.

By the way, make sure to keep the brochure too, as the QR codes here will help you look for information, and may eventually earn you some extras :)
